

**NAME OF OFFICIALS WHO PARTICIPATED IN THE ONE DAY
"NERPAP" WORKSHOP AT BRAHMAPUTRA STATE GUEST
HOUSE, GUWAHATI, ASSAM ON 24-03-2015**

Sl. No.	Name of the Official	Designation
1	Shri H.S. Brahma	Chief Election Commissioner of India
2	Shri V.N. Shukla	Director (IT), Election Commission of India
3	Shri P. Naik	Chief Electoral Officer, Meghalaya
4	Shri Vijayendra	Chief Electoral Officer, Assam
5	Shri Kaling Tayeng	Chief Electoral Officer, Arunachal Pradesh
6	Shri N. Moa Aier	Joint Chief Electoral Officer, Nagaland
7	Shri Awa Lorin	Assistant Chief Electoral Officer, Nagaland
8	Shri F.J. Liantluanga	Joint Chief Electoral Officer, Mizoram
9	Shri Peter Salam	Assistant Chief Electoral Officer, Manipur
10	Dr. Om Prakash	Deputy Commissioner, Nalbari
11	Shri Lalit Gogoi	Deputy Commissioner, Sonitpur
12	Shri M. Angamuthu	Deputy Commissioner, Kamrup Metro
13	Shri G. Bothra	Deputy Commissioner, Lakhimpur
14	Smt. Bharati Chanda	Joint Director of Census, Guwahati
15	Shri L. K. Pegu	DDG, UIDAI, Guwahati
16	Shri Amal Jyoti Barman	Electoral Registration Officer,
17	Shri Mridul Kr. Das	Electoral Registration Officer,
18	Shri M.U. Ahmed	Electoral Registration Officer,
19	Shri Diganta Das	Electoral Registration Officer,
20	Shri R. K. Laskar	Electoral Registration Officer,
21	Smt. Palka Sahani	Awardee from Bihar
22	Shri Nishant Tiwari	Awardee from Bihar

Workshop on NERPAP on 24th March 2015 at Brahmaputra State Guest House, Kharguli, Guahati, Asam

Hon'ble Chief Election Commissioner **Shri. H.S. Brahma** graced the occasion and addressed the gathering. The workshop was attended by ECI officers, CEOs and/or their representatives from Asam, Arunchal Pradesh, Mizoram, Meghalaya, Nagaland and Manipur. DDG UIDAI and Joint Director Census Records of the State were also present. Invited DEOs and EROs were also attended the workshop.

CEC in his address informed that NERPAP is a very ambitious and much required Mission Project of ECI which aims at purification of Electoral Roll. He appealed to all officers to join hands to make it a success for better future and better governance. He insisted that time lines are very critical and every stone should be turned up to meet the time line, so that by Aug 15th the purified role could be finalized. He also advised that technology should be used to its maximum to achieve the target and produce quality output.

The Highlights of the issues observed and discussed during the workshop are -

1. The integration between higher level officers of Aadhaar, RGI and CEO level needs to be made strong so that the progress of biometric registration would improve. It was suggested that the senior officers from UIDAI, RGI and CEO at State level should have periodic meetings to sort out smaller issues hampering the progress. They should also monitor the progress through DEOs and DCs by taking them in confidence and educating them about the problems being faced by identified service providers for registration purposes. Number of camps should be increased in the areas recommended by DEOs and DCs for collection of biometrics. The permanent centres established should be well equipped and Service providers engaged for biometric registration should be monitored regularly to check the progress accordingly.
2. Joint Director, Census and DDG UIDAI presented the progress percentage of each state. Sikkim and Tripura has more than 90 % coverage of Aadhaar. The distribution of the cards is but slow. Nagaland and Manipur has more than 50 % coverage. Mizoram has coverage of 33.5 % and Arunachal Pradesh has coverage of 12.4 percent. Meghalaya and Asam has been covered marginally.
3. In the workshop DEOs pointed out that if information is shared with them they will be in a position to help improve the progress by way of motivating people and helping organise extra camps if necessary.
4. It has been reported that Service providers BEL and ECIL have sublet the tasks to some other agencies which are not strong enough to carry out the work with quality and speed. There is a need of monitoring the agencies since equipments and places arranged for collection of biometrics are not fully used to their capacity. DCs can be taken into confidence for monitoring the daily progress of biometric capture.

176
Director IT made a complete presentation on NERPAP and nvsp.in portal and explained the process of feeding and seeding Aadhaar number. He also informed that RGI has kindly agreed to make the demographic data with assigned TIN numbers, mobile numbers collected in NPR, Aadhaar numbers granted to respective TIN numbers so far along with name and other details available in a format in which EPIC number column would be created. The list could be printed village wise or even in a smaller unit as per the choice. It can be taken up by BLOs during door to door visits to authenticate and match TIN numbers with EPIC numbers, which eventually can be used for organic seeding of Aadhaar number as soon as it is granted by UIDAI.

6. CEOs made a presentations on to the preparedness of their machinery for NERPAP. It was pointed out that the network and internet may be problem in many areas in eastern States. However the connectivity at District and ERO level has been managed and is working fine. EROs therefore would be in a position to carry out the seeding and feeding of Aadhaar numbers and process forms for additions, deletions and modifications online. The infrastructure and adequate manpower has been arranged. However the training needs to be given to these people. CEC advised that IT and ER sections of ECI should immediately plan training programmes through VCs and physical visits, if necessary to these places. CEO should get the master trainers trained and they should be asked to plan out exhaustive training programmes within their States.
7. The best practice awards were also given away to Two officers for their contribution during General Election 2014.

CEO Asam extended his warm regards and thanks to all participants and assured ECI on behalf of all participants that all will exert very hard to complete the assigned work in NERPAP mission mode programme.
